

Our dear friend, Mark Polanski, was diagnosed with stage 4 esophageal adenocarcinoma on April 25, 2007. After a "successful" surgery, in April of 2008 it was discovered that his cancer had metastasized to the brain. Esophageal adenocarcinoma metastasizes to the brain in only 2% of cases. Mark is currently undergoing extensive radiation therapy. At this time the prognosis for this disease is 3 months to 3 years. We are asking for your prayers and your help.

His friends and family are holding a benefit in his honor to help defer the large medical costs that he and his family are continuing to face. The benefit will be held Sunday, August 17, 2008 at the Eagles Club on Broadway in Lancaster, NY. The benefit will be held from 2 – 6pm and will feature a tool auction as well as a Chinese Auction. Food and entertainment will be provided. Tickets are currently available for \$20.00.

We are looking for goods, certificate, or monetary donations to help make this undertaking a huge success. If you can help in any way, it would be greatly appreciated.

Please contact us with your donation or gift. We will be happy to pick it up.
